

Baby Lock Imagine to the Evolution Serger Instructional Class

Class 1:

In this first class, we will explore the parts of the Serger, maintenance of your machine, threading of the Serger and basic Serger sewing techniques.

Class 2:

In the 2nd class, we will explore Serger sewing techniques using the basic feet with different fabrics and threads.

Class 3

In the last class, we will learn further Serger sewing using the differential, threading and Serger sewing using the cover, chain, wave and combined stitches, the basic feet and some specialty feet that use these stitches and techniques.

Supply List:

1. Machine in good working order with foot controller and electrical cord
2. Size 80/12 and/or 90/14 needles (ELx705CF). You can wait until the first class before purchasing the needles.
